

## **Keesik Song**

### **Hook**

Nikosis, Ni-Pisim  
Light up the Sky  
Heartbeat like a drum  
Grab hold of the world my son  
You are you are the one  
**2x**

You know I/ never, I never thought of/ love like this  
Right/ down to my very last/ cell it exists/  
Call it what you want/ like maternal instinct/  
I'm based on intuition/ a new way to think  
Everything I am/ I give to you  
Everything I have/ I'll share with you  
There's a lot of thinks you're not gonna learn about in school  
So I'll be there to protect you from it all if that's cool  
Had your back since you sat in my womb  
And I'll keep that up til my name's on a tomb  
But don't get me wrong I won't make you life easy  
I'll help with your strength cause you'll need it believe me  
They're out there everywhere  
The haters and the game players  
Keep your eyes open and o your mind full of good prayers  
That's another thing won't tell you what to believe  
Just know when you listen to the wind in the trees  
Or the birds in the breeze  
Be proud nikosis let your story unfold  
Your ancestors footprints on this land are so old  
And when you grow up you're gonna be something important  
Either way you can live with mom and dad until you're forty  
Your such a momma's boy all quick with the charm  
Im so hooked I had to get you tattyed on my arm  
And even though your greatness outweighs the rest  
Don't act better than you own or you'll end up with less  
Be critical, original a caring individual  
Focus on the truth don't fall into a pigeonhole  
Be strong be aware be resilient  
My son you're my son shine that light so brilliant  
Be strong be aware be resilient  
My son you're my son shine that light so brilliant
