## Developing the SCENE

The scene goes like this:

- A) Hi
- B) Hello
- A) How are you?
- B) Fine.
- A) What did you do last night.
- B) What?
- A) What did you do last night?
- B) I don't know.
- A) Okay
- B) Okay.
- A) Bye
- B) See ya!

There are 4 ways we can make this scene specific and real. Decide on:

1. Location (park ,swimming pool, kitchen)
2. Relationship (siblings, Mom and Dad, teacher and student, Principle and kid who is in trouble) \*\*\*USE THE CHARACTER YOU CREATED EARLIER, BUT DEFINE IT MORE
3. Objective. What you want from each other. Ex. I want you to \_\_\_\_\_ (leave, laugh, cry, sit down)
4. Intention. The way you get them to do what you want  
EX. I \_\_\_\_\_ you (push, prod, tickle, tease, excite)

\*\*\*OPPOSITES ARE THE MOST INTERESTING! If you try tickling someone for one line, try scaring them for the next one.

## Teacher Guided Hands-On Activity (30-60min)

**1. Present Scenes:** Have your student's present their scenes twice per group.

The first time through let your students perform it without introduction or comment.

Then ask the students who they are, where they are, and what they want from each other. Make sure they're specific with their choices. Then encourage them to make their choices more dynamic, and find more opposites. Get them to present the scene again incorporating the notes you gave. (Do this for 10 minutes then move on)

**2. Developing a Character** (5 minutes): Give students 5 minutes to write a character background.

Who Am I? - name, age, family details

What Do I Want? - your life goals, how you see the world

Where Do I Live/Where does your scene take place?

When does my character exist in history? Present, past, or future... but be specific

How do I get what I want? -what kind of characteristics do you have? Are you outgoing? Shy? How do you relate to others

\*Encourage them to follow their first thought! **Don't think too much about it- just start writing.**

**3. Small Group Work** (10 MINUTES): Once your students have written their character background, put them into small groups (2-3) and get them to share their characters with each other, and then create their own scene with these characters.

A scene must have:

1. Location 2. Character (use the characters we've created) 3. Problem 4. Problem gets worse 5. Resolution

Walk around to each group and help them define the scene.

ONLY RULE! No physical contact.

4. Present the scenes! (5 MINUTES): Have your students present their new scenes to their classmates.
